The Fixed Monthly Charge, for an Agency that: a) accesses Westlaw via another pricing option, b) accesses another/competing online service or c) has no previous access to any computer assisted legal research service, will be determined by assessing and considering the Agency’s applicable past online use, historic traffic patterns, forecasted use based on employment projections

and anticipated workloads and data needs; provided, however, in no event will the Fixed Monthly Charge be less than \$1,000.

If an Agency elected the Fixed Monthly Charge Option in a prior fiscal year, the Agency’s Fixed Monthly Charge for the succeeding fiscal year is determined by calculating the Agency’s actual average Westlaw Charges (at Per Minute/Transactional Option rates) during the initial 9 months of the prior fiscal year (the “Recalculation Period”) and determining the percent increase as set forth below:

If the Agency’s actual average Westlaw Charges from the initial 9 months of the prior Recalculation Period:

-Do not exceed the Fixed Monthly Charge from the prior fiscal year, the Fixed Monthly Charge for the following fiscal year will be 2.5% more than the Fixed Monthly Charge from the prior fiscal year.

-Are more than the Fixed Monthly Charge but less than 1.5 times the Fixed Monthly Charge, from the prior fiscal year, the Fixed Monthly Charge for the following fiscal year will be 5% more than the Fixed Monthly Charge from the prior fiscal year.

-Are 1.5 times or more but less than two times the Fixed Monthly Charge from the prior fiscal year, the Fixed Monthly Charge for the following fiscal year will be 7.5% more than the Fixed Monthly Charge from the prior fiscal year.

-Are two times or more but less than three times the Fixed Monthly Charge from the prior fiscal year, the Fixed Monthly Charge for the following fiscal year will be 10% more than the Fixed Monthly Charge from the prior fiscal year.

-Are three times or more but less than four times the Fixed Monthly Charge from the prior fiscal year, the Fixed Monthly Charge for the following fiscal year will be 12.5% more than the Fixed Monthly Charge from the prior fiscal year.

-Are four times or more but less than five times the Fixed Monthly Charge from the prior fiscal year, the Fixed Monthly Charge for the following fiscal year will be 15% more than the Fixed Monthly Charge from the prior fiscal year.

-Are five times or more but less than six times the Fixed Monthly Charge from the prior fiscal year, the Fixed Monthly Charge for the following fiscal year will be 17.5% more than the Fixed Monthly Charge from the prior fiscal year.

-Are six times or more than the Fixed Monthly Charge from the prior fiscal year, the Fixed Monthly Charge for the following fiscal year will be 20% more than the Fixed Monthly Charge from the prior fiscal year.

For new locations added during any fiscal year, West will charge \$115.86 per month per password issued, which will not be prorated for **any password added during any month of the fiscal year**. Each Westlaw user will be required to have his or her own password. Westlaw passwords may only be used by the person to whom the password is issued. Sharing of Westlaw passwords is STRICTLY PROHIBITED.

An Agency can elect the Fixed Monthly Charge Option anytime during a fiscal year. However, in such case, the option will not be retroactive to the beginning of such fiscal year. Rather, it will be implemented the first full month after the effective date of the election of the option and will continue until the end of the fiscal year.

West or the Agency may terminate the Fixed Monthly Charge Option upon thirty (30) days written notice to the other party. The Agency can then elect Per Minute/Transactional Option, Concurrent User Option or Volume Discount rates. If the Agency terminates the Fixed Monthly Charge Option, it cannot reinstate the Fixed Monthly Charge Option pricing within the same fiscal year.
