

Westlaw®

A powerful starting point for expert research.

WESTLAW ADVANTAGES

There are three core advantages that separate Westlaw® from other research services:

- **Comprehensive legal content**, including primary law, legal analysis, and litigation materials.
- **Tools to help you find it faster**, such as editorial enhancements, industry-leading search and linking technologies, 24/7 research assistance, and more.
- **Trusted accuracy** through case corrections and KeyCite®, the most complete, accurate, up-to-the-minute citation service.

And with WestlawNext™, we built on these core advantages to make legal research easier and more intuitive than ever before.

* Linking may involve additional charges based on Westlaw plan inclusion. Please check your plan for your specific charges.

Westlaw Expert Center searches all expert resources on Westlaw and lets you quickly, comprehensively, and confidently assess the strengths and weaknesses of an expert – yours and theirs.

In many cases, Westlaw Expert Center retrieves multiple resumes for the same expert, so you can compare resumes for inconsistencies.

But a Westlaw Expert Center search result goes far beyond the resume ...

For starters, see how an expert has performed where it really matters – in court.

- Study **Expert Testimony and Profiler** to learn background information on key experts.
- Read **Expert Evaluator Reports** providing an analysis of an expert's work, including number of court appearances per year, sides represented, types of cases, and size of awards. Also find names of courts in which the expert has testified, and of the judges and attorneys involved.

- View **Expert Challenge Reports** that show how often an expert has been challenged in court; the outcome of each challenge; the name and citation/docket of each case; the court, judge, and attorneys involved in each challenge; the type of case; and whether the expert was representing the plaintiff or the defense.
- Compare experts side-by-side in **Expert Comparison Reports**

In addition, you can uncover useful information about an expert by reading news stories involving an expert and articles an expert has published.

And there's more ...

Westlaw Expert Center offers you – in the same convenient location – caselaw, treatises, court rules, and other information to effectively prepare your expert's presentation or challenge for maximum effectiveness.

Search across the entire Westlaw Expert Library simultaneously, or narrow your search to just a few resources on the tab.
